

# EMPLOYER HEALTHCARE - SOLUTION -

It's time to **UPGRADE** to Smarter Healthcare.

## Strategic Benefits

- Better overall company performance
- Lower absenteeism
- Decreased employee stress
- Improved employee morale
- Convenient access to care

## Competitive Advantage

- Up to 30% savings per year
- Insurance premiums, if unused, will be returned to you each year
- Better benefits tool for recruiting and retaining talent

## Dangers of Status Quo

- Premium increases of 7% every year are unsustainable
- There is greater risk in doing nothing
- "What dangerous is not to evolve."  
- Jeff Bezos

### How Your Employees Benefit

**Direct Access:** 24/7 access to their HIPnation Primary Care Physician via phone, secure text, or our telemedicine app. No primary care copays. Same day or next day urgent appointments.

**A Connected Experience:** Extended visits. Prevention, wellness, physicals, nutrition, and dietary support.

**Less Cost:** No primary care copays, less referrals.

When Primary Care Physicians have the flexibility & support, they are able to handle 60-80% of your healthcare needs. Studies show that patients with access to a personal 24/7 Primary Care Physician experience:

- 66% fewer specialist visits
- 65% fewer emergency department visits
- 82% fewer surgeries
- 35% fewer hospitalizations

### Reduce Your Costs

Up to 30% savings per year

### Insurance Premiums, if Unused, are Returned to You

Cost savings that truly impact your bottom line and a healthcare strategy that gives you a competitive advantage.
